

CAMBERSHIP APPLICATION

We recognize there are times when some families are unable to afford a camp experience for their children. The YMCA has developed the Strong Kids fund to provide camperships to those in need of assistance.

To qualify for the Campership Program, please return the following:

- Completed *Campership Application*
- Completed *Camp Registration Form* found in the brochure or online
- Copy of your latest *1040 tax form* along with any other relevant financial information.

We realize that financial information is not the only indication of need. Please feel free to let us know of any other extenuating circumstances on the back of this application. The Camp Office will contact you within two weeks of applying to confirm your eligibility and the amount of campership that you are eligible for. Please note that space can be limited in many of our programs. If you would like to enroll regardless of the level of campership you may receive please include the required deposit for that program along with this form. We cannot enter your registration until a deposit is received.

How much assistance may be provided?
